Our Training Program is Different from all other Clubs. A lot of Clubs are trying to mandate the program that a team needs to participates in. Kolping American Soccer Club, has designed a Training structure that offers various programs for teams to participate in. We Believe it is up to our Coaches, Trainers, and Parents to help design a program that is best suited for their own team. The Club just offers the discounted programs for Teams to choose from. These kinds of Options give the Coaches and Parents a Structure to build a Quality program based on the needs of their Team each Season.
